**WHATSAPP MARKETING IS A DIRECT MARKETING TECHNIQUE**

# 8 Automated Voice Call

Transfer recorded data to your system, ask questions and recognize answers by a robot. It's cost-effective and easy to use and manageable.

We made your reach to the targeted customers and presented your offers and transmitted interested clients to your managers.

Notify people with voice recorder messages for any critical events and inform them about order status, sales, and news with reminders.

Accept incoming calls and reduce the waiting of the customers.

The data will be secured through a verification code.
